Column Group Size (e.g., 2)
Number Of Guard Digits Per Column Group (e.g., 10)
Number Of Lines Of Text Guarded (e.g., 3)
Vector Of Line Lengths (e.g., {30, 16, 19})
Guard Digits For Each Column Group
(e.g., G1, G2, G3, ... G15)

The diagram shows a rectangular box containing a list of five bolded parameters. Each parameter is preceded by a label (2004, 2002, 2006, 2008, 2010) and followed by a label (2012). The parameters are: Column Group Size (e.g., 2), Number Of Guard Digits Per Column Group (e.g., 10), Number Of Lines Of Text Guarded (e.g., 3), Vector Of Line Lengths (e.g., {30, 16, 19}), and Guard Digits For Each Column Group (e.g., G1, G2, G3, ... G15).
